# INSTRUCTIONS

- 1. Go to the Café Room in CIC29 Gather Town.**
- 2. Find a free spot at one of the Pantone-colored tables. The tables are all private spaces, so only those sitting at a table can hear each other.**
- 3. It is best to play in teams of 2, 3, or 4.**
- 4. Elect a team leader. This person needs to download a KAHOOT! mobile app. (You will discuss the questions as a team, but only 1 person, the team leader, will answer for the team. We recommend selecting someone who is familiar with KAHOOT! We played KAHOOT! at CIC25 in Lillehammer, so some of you might remember it.) TRICK: You don't need to login or register; when it asks for that, you can dismiss by clicking the "x" in the upper left corner.**
- 5. Each table has a color name associated with it. That is your team name, e.g. Saffron. Enter it in KAHOOT! when prompted. The Trivia hosts are seated at a table at the top of the Gather Cafe Room. You will hear only the host and those around your table. The host will not hear you. Use chat if you want to communicate with the host.**
- 6. In Gather, you will see the screen of the host displaying a Game PIN. The team leader should enter the Game PIN in the app, then enter the team name, and the names or initials of team members.**
- 7. The host will explain the basic rules. It's super simple.**
- 8. Wait for the host to start the game and enjoy!**
- 9. Don't forget – the faster you answer, the more points you gain.**
